HUMAN RESOURCES CONSULTANT

The HR Consultant's priority is understanding your business's most important resource – its people. They will determine if you have the motivated people you need to run your company and reach your business goals.

PAYROLL SPECIALIST

As businesses grow and scale, compensation and payroll become some of the most challenging areas to manage. BBSI's dedicated payroll professionals have years of experience processing payroll for businesses of different sizes, industries, and multiple employee classifications. The Payroll Specialist's priority is to document your payroll processes, evaluate how efficient and productive they are in practice, and support changes to gain efficiencies and limit mistakes.

RISK & SAFETY CONSULTANT

Businesses that have gone years without an increase in their workers' comp claim frequency and premium costs have to start asking themselves whether they are good at managing risk, or if they are just lucky. The Risk & Safety Consultant specializes in combining their expertise in risk management practices with practical business acumen so you don't have to leave your employee's safety up to chance.

RECRUITING SPECIALIST

The Recruiting Specialist is in charge of matching the available talent pool to the right organization based on need and cultural fit. They work with business owners to narrow down exactly what type of employees their company needs. The Recruiting Specialist is essential to business owners preparing to scale, as they can consult on organizational structure.
