By partnering with BBSI, your clients will have access to an experienced Benefits Professional who will free up your time by supporting their benefit plan administration. They'll help make decisions as easy as possible, be a resource and a guide through open enrollment, and provide access to the myBBSI portal which feeds directly into payroll.

Advantages of adding the BBSI Benefits Program to your portfolio:

- ✦ Enrollment support for clients and their employees, including open employee communications and a single sign-on enrollment platform
- ✦ Administrative ease - BBSI performs all plan administration
- ✦ Referral fees for qualifying referrals
