

BBSI U, BBSI's online Learning Management System, is now available to all BBSI Clients and their employees.

We know how important training and development is to your employees, and we know that well-trained employees are more productive and successful. That's why we've launched BBSI U, a learning management platform built to meet the needs of your business today, and in the future. BBSI U courses are curated to support your training and development initiatives, giving your teams easy access to learn the critical skills that can drive your business forward.

HOW IT WORKS

1

SELECT

Work with your BBSI team to review pricing and identify the best catalog(s) to meet your business objectives.

2

CONNECT

Once an agreement is in place, we'll get you connected. BBSI U is accessed through myBBSI via computer or phone, by clicking Learning Management.

3

START LEARNING!

Once you're in, there are quick and easy courses to help you assign training, view employee transcripts, and access reports. Your employees will have a Getting Started course waiting for them to help them navigate the platform.
